Dear Parents,

You and your child will be asked to take a **confidential survey** about risk behaviors. The link to your survey is provided below. Your child will take the survey at school in the coming weeks. The purpose of the survey is to find out what issues might be a concern at your Northside. Through you and your child's participation, we hope to understand the collective beliefs, experiences, and attitudes of our student body. Once we discover what the needs of our school are, we will be able to offer services and programming that specifically meet these needs.

Your student's participation is completely confidential and there are no known risks to you or your student if he/she participates in this survey. This survey will take approximately 10 minutes for you to complete and 20 minutes for your child to complete. We hope that you will encourage your student to complete the survey and take it seriously, as the information will be very useful to our school in determining what issues are of importance to our community. There are open-ended questions at the end of the survey in order to give voice to students regarding what issues they believe are most relevant to address.

This survey asks questions about sensitive topics. If some of the questions bring up emotions or thoughts that cause your child distress, school counselors will be available to help support. If you have questions about this survey or have programming requests, you may reach out to Ms. Greene at [li-sa.greene@yesprep.org](mailto:li-sa.greene@yesprep.org). Here is a link to the survey: [https://www.surveymonkey.com/r/yesprep\\_northside\\_parentsurvey](https://www.surveymonkey.com/r/yesprep_northside_parentsurvey)
